HISTORY

Empires of Silver

Format: 3 x 60 (HD, 4K)

This is the extraordinary story of how silver shaped the history of our world, from the 16th century to the present day. The silver trade kick-started the global

economy, connecting China to European empires and the Americas. Silver toppled the Ming Dynasty, led to the Opium Wars, and grew the wealth of cities including Hong Kong, Manila and New York. Through global experts, archive footage and reconstructions, we reveal silver's key role in the fate of empires.

Gold: The Story of Man's 6,000 Year Obsession

Format: 2 x 52 (HD)
Broadcaster: Real Vision

With exclusive interviews from industry experts, investment guru Grant Williams uncovers how gold became central to the global financial system. From an exclusive look inside a top-security Swiss bank-vault, to how gold is mined and exploited, this is the epic 6000-year story of our relationship with gold.

Jesus' Female Disciples: The New Evidence

Format: 1 x 47 (HD)
Broadcaster: Channel 4

Historians Helen Bond and Joan Taylor reveal new evidence that Jesus had twelve female disciples without whom Christianity would not have taken off. In a quest through ancient caves and catacombs they show how the preaching and financial support of these women was crucial to Jesus' mission.

A Century on Film

Format: 6 x 52 (HD)
Broadcaster: NHK

This landmark series looks back at the turbulent events of the 20th century and uncovers how, for the first time in history, people shaped the times

they lived in through moving images. With access to never-before-seen archive, from World War One to Vietnam anti-war protests, Nazi propoganda to the rise of global terror organisations, witness a truly defining century in human history captured on film, as it happened, by the people who lived through it.

China on Film

Format: 2 x 48 (HD)
Broadcaster: Channel NewsAsia

Renowned filmmaker Christopher Doyle narrates this uniquely vivid picture of Chinese history through film, compiled with exclusive access to the British Film Institute's China collection. These never-before-seen films provide new insights into China's momentous changes, from the first ever Chinese film in the Qing dynasty through to the Communist era.

The Asian Century

Format: 8 x 48 (HD)
Broadcaster: Channel NewsAsia

How did North Korea build its nuclear bomb? How did India's Partition really come about? How did the death of Mao lead to a new age in China? This landmark series deconstructs the pivotal events and personalities which have shaped the current Asian Century, challenging accepted views and revealing unique insights into the Asia we know today.

Balkan Royals

Format: 1 x 52 (HD)
Broadcaster: ZDF/ARTE

This is an intimate portrait of the last surviving Balkan monarchs in their own words. With rare archive footage and first-hand accounts from Simeon II of Bulgaria, Princess Margareta of Romania and Crown Prince Nicholas of Montenegro, we see how they survived the most tumultuous times in world history and adapted their monarchies for the modern era.

Harry: Warrior Prince

Format: 1 x 60 (HD)
Broadcaster: Forces TV

As Prince Harry settles down to married life, this film looks at the making of a Warrior Prince. With unique interviews with Harry and those close to him and access to key moments in his military service, we learn how overcoming his mental health struggles inspired him to create the Invictus Games and go from wayward prince to Britain's most loved royal.

Vogue Williams Investigates

Format: 13 x 52 (HD)

Broadcaster: RTÉ

Join host Vogue Williams as she reveals the lifestyles, technologies and beliefs changing the world we live in today. Whether meeting polyamorous couples and “sugar daddies”, or young people affected by anxiety and public shaming, Vogue’s investigative eye and warm style make her the perfect host to uncover the human stories behind the headlines.

Undercover Asia, Series 4 & 5

Format: 16 x 48 (HD)

Broadcaster: Channel NewsAsia

This award-winning investigative series explores gripping stories of crime, violence and injustice from across the world’s largest continent. From jailed terrorists wielding power in Indonesia and Duterte’s Drug war in the Philippines, to Myanmar’s child slaves and North Korean cyber crime, Undercover Asia leaves no stone unturned.

Will a Robot Steal My Job?

Format: 1 x 53 (HD)

Broadcaster: RTÉ

Artificial intelligence is developing at a rapid rate, but what does this mean for the job market? Science journalist Anne-Marie Tomchak investigates how robots could be on course to render the skills of much of the world’s population obsolete. From driverless cars and robot surgeons, to journalists and even artists, are any of our jobs safe?

Prisons Uncovered

Format: 1 x 52 (HD)

Broadcaster: ITV

Using first hand, police-cam footage as well as footage shot by inmates, this shocking film exposes from the inside how prisons across the UK are spiralling out of control. Discover how staff shortages, funding cuts, corruption, violence and an exploding drug epidemic have gone hand in hand to create a UK Prison system which is close to collapse.

The New Silk Road, Series 4

Format: 4 x 48 (HD)

Broadcaster: Channel NewsAsia

This award-winning series investigating China’s US\$200 billion ‘One Belt, One Road’ policy returns this time to Indochina. Anthony Morse examines everything from Mekong dams in China’s Yunnan province and a new industrial zone and port in Myanmar, to China’s new rail masterplan and influence across Laos, Thailand and Cambodia.

Hacked: The Bangladesh Bank Heist

Format: 1 x 48 (HD)

Broadcaster: BTVI

This film investigates one of the world’s most audacious cyberheists, where hackers managed to compromise two of the most respected names in international banking, the SWIFT messaging system and the New York Federal Reserve, taking US\$81 million in the process. But who were the hackers, and more importantly, how did they pull it off?

Innovation Nation, Series 9 & 10

Format: S9 13 x 22 (HD) & S10 13 x 22 (HD)
Broadcaster: CBS

The Emmy Award-winning series is back for two brand new seasons meeting the scientists and designers behind some of the most ingenious inventions of our time. Discover jet hoverboards that can fly at over 100mph, spinach leaves being transformed into heart tissue and innovative security systems which use fog to deter burglars.

Did I Mention Invention?

Format: 26 x 22 (HD)
Broadcaster: The CW Television Network

This series brings together fascinating stories of invention while shining a light on everyday innovators and encouraging viewers to try their own hand at coming up with the next big thing! Learn from innovators young and old, what it takes to bring their vision to life, and little-known facts about the history and processes of invention.

How China Works

Format: 6 x 44 (HD)
Broadcaster: Discovery Networks

Architect Danny Forster uncovers China's most ambitious projects and technological innovations. From the world's fastest trains and the technology behind smartphone app WeChat, to building megatall skyscrapers and the world's biggest machinery, Danny gains exclusive access behind the scenes to understand How China Works.

Smart China

Format: 6 x 44 (HD)
Broadcaster: Discovery Networks

Join hacker Josh Klein and inventor Jordan Nguyen as they travel across China investigating the country's 'smart revolution'. From new driverless cars and robots, to ultra-fast data and solar technologies, they meet the minds and start-ups behind these innovations, and discover how they can help us live cleaner, greener, and smarter.

Smart China

Futuristic China

Format: 7 x 24 (HD)

Broadcaster: Sky News

From high-speed rail to advanced AI, energy tech, and innovative apps, Chinese technology is progressing at break-neck speed. This series goes behind the scenes of these developments, with unique access to key business leaders including the heads of Baidu (China's Google), ICONIQ driverless cars, and UBTECH robots.

Futureproof

Format: 9 x 24 (HD)

Broadcaster: BTVI

This brand new series investigates how advances in science and technology are changing our lives and the way we do business. From cryptocurrencies to automated delivery bots, artificial intelligence in healthcare to gene editing technology, each episode unveils the cutting edge inventions that are going to change our world forever.

Building Ireland

Format: 12 x 25 (HD)

Broadcaster: RTE

From 12th century fortresses to the birth of world-famous train lines, this series uses a combination of engaging social history, recent archaeological findings, and pop-science to uncover the secrets of the greatest construction achievements in Irish history. Discover the innovations behind the designs, and their impact on Ireland and beyond.

Mechanical Monsters

Format: 1 x 60 (HD, 4K)

Broadcaster: BBC

Historian Simon Schaffer investigates the origins of our love-hate relationship with technology through some of the most extraordinary engineering wonders of the 19th century. These fantastical and formidable inventions posed questions at the time that still resonate today - will the machines we build save us, replace us, or even destroy us?

The World's Most Powerful Telescopes

Format: 1 x 52 (HD, 4K)

Discover the technology behind the world's most powerful telescopes. Featuring interviews with leading scientists at the European Southern Observatory and 4K HDR space photography, uncover how instruments four billion times more sensitive than the human eye are revolutionising our understanding of the cosmos.

The Jupiter Enigma

Format: 1 x 52 (HD)

What can the secrets of Jupiter reveal about the state of the universe four billion years ago? Drawing on new findings from NASA's Juno mission, scientists are peering into Jupiter's stormy heart to reveal the very origins of our solar system: when the planets were first flung into space, the fate of the Earth hung in the balance, and Jupiter obliterated everything in its path.

Smart Drugs

Format: 1 x 80 / 1 x 52 (HD)
Broadcaster: CBC

Cognitive enhancement drugs can improve your memory and focus. Fueling the fast-paced lives of Silicon Valley execs and New York stock brokers, “smart drugs” like Modafinil are growing in popularity as people strive to keep up in an increasingly competitive society. But what effects are these drugs having on individuals and on society at large?

Awake: The Secrets of Sleep

Format: 1 x 52 (HD)
Broadcaster: RTÉ

Dr. Pixie McKenna explores the very latest in sleep science and reveals the catastrophic health concerns that can arise from not getting enough shut-eye. From insomnia and narcolepsy, to sleep apnea and sleep deprived parents, McKenna meets both the sufferers and the scientists whose groundbreaking research is helping to unlock the secrets of sleep.

Medical Revolution

Format: 6 x 50 (HD)
Broadcaster: NHK

Using cutting-edge 3D imaging and CGI to explore our bodies and understand illnesses better than ever before, this series presents the latest treatments for the world's most common ailments. From preventing dementia, successfully targeting back pain and avoiding killer stress, this series paves the way toward a medical revolution.

Food for Thought

Format: 1 x 44 (HD)
Broadcaster: CBC

Our understanding of a healthy diet is based on outdated science and questionable advice. Recent findings are fundamentally changing the way we think about food. Nutrients like fats, carbohydrates and proteins are no longer the key. From a street market in Brazil to a donut shop in Boston, we reveal the surprising truth of dietary science.

Mistress, Mercy: Story of a Teenage Dominatrix

Format: 2 x 44 (HD)
Broadcaster: TVNZ

Long before fifty shades of anything, teenage dominatrix Renee Chignell was accused of murder

after a bondage session went horribly wrong. For the first time, 30 years later, Chignell tells her remarkable story, weaving together archive footage and dramatic reconstructions of the trial and that tragic night. Witness the intriguing ins and outs of a case that is described as “the most sensational trial New Zealand had ever seen”.

Miss Amazing

Format: 1 x 48 (HD)
Broadcaster: TVNZ

Every year, over a hundred girls from across America come together for one very special event: The National Miss Amazing Pageant, for girls with physical or learning disabilities. We follow seventeen-year-old Abigail on her pageantry path to Miss Amazing and her journey to finding the thing she has been looking for all her life: a best friend.

My Perfect Family

Format: 10 x 29 (HD)
Broadcaster: TVNZ

A series of heart-warming stories about caring for family members with mental and physical disabilities. From raising children with autism and cystic fibrosis, to coping with extremely rare neurological conditions, this series is about fantastic parents raising challenging children with a creative, pragmatic, and positive attitude.

Being Me

Format: 20 x 29 (HD)
Broadcaster: TVNZ

This uplifting series features character driven stories, telling incredible tales of confidence and positivity in the face of hardship. From Brylee, a dance teacher who lost an arm, to Gigi, a 17-year old girl with Down Syndrome who dreams of making it in fashion, and Sam, a 22-year old aspiring actor living with skeletal dysplasia in a 7-year-old boy's body.

In My Mind

Format: 12 x 29 (HD)
Broadcaster: TVNZ

We are facing an anxiety epidemic in a world full of increasingly impossible expectations. Through a series of accessible personal stories, and featuring health experts, In My Mind breaks down the stigma and taboo around mental health: from young women burning out, and social media obsession to male mental health and post-natal depression.

Basquiat: Rage to Riches

Format: 1 x 52 (HD)

Broadcaster: BBC, PBS, ZDF/ARTE

Thirty years after his death, *Rage to Riches* reveals how Jean-Michel Basquiat, one of the artistic legends of the 20th century, tapped into the energy of New York City in the 1980s finding inspiration from music and poetry, and using his painting as a weapon to fight prejudice and racism. Featuring world-first interviews with his family and friends.

Sculpting Dreams

Format: 1 x 52 (HD)

Broadcaster: Sky Arts

Discover the life and work of one of the world's most respected sculptors and one of the art world's best kept secrets: Helaine Blumenfeld. Follow Helaine over the course of a year as she creates a monumental new sculpture, fearlessly embracing the artistic challenges and physical demands of being a female artist in a male-dominated field.

Gaudi's Message

Format: 1 x 49 (HD, 4K)

Broadcaster: NHK

After his death, the blueprints for Antoni Gaudí's unfinished cathedral, the Sagrada Família, were lost in the chaos of the Spanish Civil War. Filmed in stunning 4K UHD, discover how an international team of architects decoded the mysterious message hidden in Gaudí's work to finish the cornerstone of the cathedral: the symbolic Nativity façade.

Critical Thinkers

Format: 13 x 26 (HD)

Broadcaster: Canal Curta!

What are the latest ideas from the world's most prominent intellectuals? In this unique interview series, great minds of our time discuss arts, politics, literature and economics. Including radical French philosopher Jacques Rancière, German sociologist Axel Honneth, Italian philosopher Umberto Galimberti, and American art critic Jonathan Crary.

Delacroix: From Paris to Morocco

Format: 1 x 52 / 2 x 45 / 1 x 90 (HD)

Broadcaster: ARTE

Follow the leading light of French Romanticism, Eugène Delacroix, on his journey from Paris to Morocco. This seminal biography reveals for the first time the inspiration behind the artist's most famous works, featuring sumptuous historical reconstructions based faithfully on Delacroix's travel diaries and exquisite sketchbooks.

Portraits of Marie Antoinette

Format: 1 x 52 / 1 x 90 (HD)

Broadcaster: ARTE

Discover the extraordinary story of the life and art of Elisabeth Vigée Lebrun, official portraitist of Marie Antoinette. While her dangerous friendship with the Queen ultimately forced her to flee revolutionary France across Europe into Russia, her striking neoclassical portraits defined a genre and shaped European fashion for generations to come.

Celebrity Car Wars

Format: 24 x 48 (HD)

Broadcaster: A+E

Start your engines and get ready for an adrenaline-fuelled action competition series! Six celebrities are trained by racing experts to compete in extreme driving challenges, from drag racing to obstacle courses, using everything from rally cars to 4x4s. Is being famous enough to win, or will it take more than star power to join the Car Wars Hall of Fame?

Luxe Asia, Series 5

Format: 10 x 23 (HD)

Broadcaster: Channel NewsAsia

Luxe Asia is back, bringing you some of the best luxury travel and lifestyle experiences in the world. With intimate access to invite-only events and VIP hangouts, our three glamorous hosts explore everything from Singapore's Ferrari owner's club to China's new Atlantis resort, and Kyoto's finest restaurants to the world's tallest hotel in Dubai.

The World's Best Airport: Changi

Format: 4 x 46 (HD)

Broadcaster: Channel NewsAsia

Singapore's Changi Airport has been voted the world's best airport for six years in a row. With unprecedented access to its dedicated staff of 40,000, we follow immigration teams, emergency crews, airline crew training, and customer services helping passengers through lost passports, volcanic eruptions, Star Wars invasions, and more!

Grand Central Stations

Format: 4 x 52 (HD)

Broadcaster: Voyage

From Mumbai to New York, Cairo to Vladivostok, this series grants unique access to the inner-workings of the world's busiest transit hubs. Discover how each station deals with the daily chaos of over a million passengers, and learn from the bustling, magnificent stations about the history, people and culture of these great world cities.

Luxe Asia

Brilliant Corners

Format: 5 x 52 (HD)

Travelling with his surfboard in tow, presenter and former European longboard champion, Sam Bleakley, explores the lesser known coastlines and cultures of Sierra Leone, Oman, Ghana, the Philippines and Mauritania. Surfing is the fastest growing action sport in the world and is helping engage communities with their coastlines, inspiring a wave of new art and music at every corner.

Ageless Gardens

Format: 5 x 22 (HD)
Broadcaster: Vision TV

This series is a visual celebration of gardens and gardeners with a special emphasis on the role gardens can play in healthy ageing. The physical, mental and social aspects of gardening can be important therapeutic factors in health and wellness. Gardening brings us food, exercise, and keeps our minds sharp as we age, long into our retirement.

Rio Rescue

Format: 16 x 26 (HD)
Broadcaster: Discovery

Rio de Janeiro's beaches are famously beautiful, but strong currents also make them some of the world's most dangerous. Enter the Rio Rescue team, the best lifeguards in the world: real-life heroes with the motto "ready for the worst". In action-packed episodes, we follow their friendships and dilemmas, as they save lives and keep watch over paradise.

A Year in an English Garden

Format: 1 x 50 / 1 x 58 (HD, 4K)
Broadcaster: BBC

This stunning 4K, slow TV documentary is a striking and poignant portrayal of time passing in a beautiful English walled garden. With contributions from gardeners, astronomers and archaeologists the film provides a varied and intriguing philosophy on the relationship between the seasons, the plants and people who work within the garden.

Wild Kai Legends

Format: 10 x 26 (HD)
Broadcaster: TVNZ

Join intrepid hunter Jack Terei as he traverses the stunningly rugged terrain of New Zealand to join up with local hunting legends: men who eat, sleep and breathe the hunter-gatherer lifestyle. Venturing into the wild together, they share stories, laughs and hunting tips while tracking wild boar, deer and stag in order to bring home an epic feast.

Monster Carp, Series 3

Format: 4 x 46 (HD)
Broadcaster: ITV4

Back for a third series, this show is dedicated to man's global pursuit of the mysterious and powerful carp species. Crazy carp fanatic Ali Hamidi and his fishing buddies seek out giant carp across the world – including France, Spain, and even Thailand – overcoming dangerous obstacles in the quest for the ultimate angling adventure!

The Big Fish Off, Series 4

Format: 4 x 46 (HD)
Broadcaster: ITV4

A competitive fishing format like no other! Each week experienced team captains coach two celebrities through three fishing challenges in a battle to be crowned the Top Fisherman. Full of fun, banter and fish, this time the competition steps up a gear as a roster of sporting heroes join the fray! This is the show for anglers and non-anglers alike.

Fishing Allstars

Format: 5 x 22 (HD)
Broadcaster: ITV4

Fishing enthusiast Dean Macey and a selection of top anglers travel across the UK and Europe putting their skills to the test in the best fishing locations around. From battling hard-fighting barbel on the River Meuse in France, to bagging up smaller species in fresh water lakes in the UK, and hooking into massive carp, this show really does have it all!

Intake: Army Recruits

Format: 7 x 25 (HD)
Broadcaster: Maori TV

Follow the highs and lows of the latest recruits of the New Zealand Army as they are pushed to their physical and mental limits. In a set of gruelling

challenges, they will live under strict rules, be introduced to heavy weaponry and endure harsh outdoor conditions. Along the way they will learn the skills to face life or death situations, and honour the army code. Who has what it takes to make it through the hardest sixteen weeks of their lives?

Grand Spaces: Thailand

Format: 6 x 23 (HD)

Discover Thailand's extravagant multi-billion dollar resorts, hotels, and boutique spas. We encounter some of the greatest minds of modern luxury design, as they reveal the secrets behind their exquisite creations; from resorts in Chiang Mai to retreats on far-flung tropical islands. Uncover how ingenious architecture respects local tradition as well as Thailand's stunning natural landscape.

Discovering Britain

Format: 12 x 50 (HD)
Broadcaster: Channel 4

In the ultimate celebration of Britain's outdoors, history, culture and tradition, Maureen Lipman and Larry Lamb will be getting to the heart of what makes British heritage so unique. With expert local guides from every corner of the nation, we travel to castles, palaces, parks and country fairs, meeting a host of colourful characters along the way.

Glamping Adventures

Format: 8 x 23 (HD)
Broadcaster: Channel NewsAsia

Glamorous camping, or 'glamping', is fast becoming a lifestyle trend. And where better to do it than in exotic locations across Asia? In each episode of this stunning series, pairs of glampers get away from it all through unforgettable, eco-tourism experiences; from mobile yurts in Mongolia and floating tents in Cambodia, to a leopard trail camp in Sri Lanka.

Isles of the Queen, Series 2

Format: 5 x 52 (HD, 4K)
Broadcaster: ARTE

Explore the world's most famous isles, from the edges of the UK to the Bermudas, through stunning aerial views of their turquoise beaches, storm-tossed marshlands and craggy mountains. Meet the fascinating individuals maintaining their traditional ways of life and see how these remote communities thrive across incredible, diverse landscapes.

Flying China's Stone Forest

Format: 1 x 49 (HD, 4K)
Broadcaster: NHK

With unique access to one of the world's most spectacular sites, soar over the breath-taking stone forest that inspired James Cameron's

blockbuster film *Avatar*. Capturing its unparalleled beauty in 4K, *Flying China's Stone Forest* glimpses the ancient communities and traditions still alive across the mountain tops, and reveals the history behind the gigantic rock pillars. Witness the magic of this secluded UNESCO World Heritage Site.

Laos from Above

Format: 1 x 52 (HD, 4K)

From Vientiane to Luang Prabang, this aerial voyage uncovers the stunning temples and stupas, impressive waterfalls, and unique cities across Laos' historic three kingdoms. While Laos still bears the scars of its recent past as the most bombed country in history, we reveal its ambitious modern architecture, its thriving traditions, and uncover the country's fascinating history and culture.

Vietnam from Above

Format: 1 x 52 (HD, 4K)

Travel across Vietnam on a breathtaking cultural and historical journey. Uncover ancient Chinese influences on Vietnamese traditions and striking examples of French Colonial architecture, and trace the impact of the Vietnam War in the north and south. Visit the country's lively modern cities, taking in temples, floating markets, and the world heritage sites of Hué and Ha Long Bay.

Thailand from Above

Format: 2 x 52 (HD, 4K)
Broadcaster: ThaiNESS TV

From the dramatic mountains of the north, to the very tip of the Malay Peninsula in the south, travel the length and breadth of Thailand in this unique aerial adventure. Discover glimmering coastlines, hidden Khmer temples, luscious mangrove forests, and the traditional majesty of the historic capital. This is Thailand as you've never seen it before!

The World from Above, Series 11

Format: 14 x 26 (HD)

Offering an entirely different view of our world, *The World from Above* franchise is back for an epic 11th series. From Italy's famous Amalfi Coast and the cathedrals of Paris, to the wild landscape of the Bighorn Canyon in Montana and the peak of the Matterhorn mountain in Switzerland, experience some of the most spectacular places on Earth from above.

Hidden Italy

Format: 16 x 25 (HD)
Broadcaster: Sky Italia

From tranquil rivieras in Liguria, to hidden country retreats near Caprarola, the ancient town of Anagni to the flower gardens of Trieste, visit an Italy you never knew existed. Watch the sunset over the golden limestone towns of Sicily, and discover lost Renaissance frescos hidden away in beautiful cathedrals on a *vacanza* of a lifetime.

The Bikes of Wrath

Format: 6 x 50 / 1 x 90 (HD)

Five best friends set out on an epic 2,600km biking adventure to discover modern America, following in the footsteps of the central characters of John Steinbeck's famous novel 'The Grapes of Wrath'. The fascinating people they meet along the way reveal the enduring strength of human spirit despite the inequality and disenfranchisement which runs as deep today as it did in Steinbeck's seminal novel.

Caribbean Tales

Format: 14 x 3-5 minute shorts (HD, 4K)

Whilst the Caribbean islands are largely associated with picture postcard holidays and palm fringed beaches, this series of short films explores the lesser-seen corners to meet the real people who call the region their home. From going behind the scenes at a ballet school in Cuba to a journey around the Garden of Eden in Grenada, this series is a cultural celebration of all things Caribbean.

Underwater Universe: The Orda Cave

Format: 1 x 49 (HD, 4K)
Broadcaster: NHK

The crystal clear water and gleaming white rock of the Orda Cave is legendary among underwater divers for its unique beauty. As temperatures reach minus 40 degrees, plunge into the freezing cold water to experience this majestic universe, and learn from scientists about the origins and formation of this cave from over 300 million years ago.

Hidden Italy

Dog's Best Friend, Season 2

Format: 12 x 22 (HD, 4K)

Broadcaster: Animal Planet, Viasat Nature

Dog's Best Friend is the original smash hit show that celebrates animal friendships across species. Building off the worldwide success of the first

season, Dog's Best Friend S2 reveals the true stories of these unlikely companionships, from the fun times, to the challenges that dog and owner face.

A viral pop culture phenomenon, this family-friendly show is packed with fun facts, dog psychology, and more, and all is shot in beautiful 4K.

The Snake Master

Format: 26 x 45 (HD)

Broadcaster: Now 26

The rainforests of Thailand are home to over 200 of the rarest and most venomous snakes in the world. Renowned herpetologist Nirut Chomngam takes viewers on a wild journey across the country in an unforgettable adventure filled with deadly encounters, as he joins conservation teams tasked with protecting these feared creatures.

China Wild

Format: 5 x 60 (HD)

Broadcaster: CCTV9

China: a country with the world's most diverse ecosystems, teeming with an incredible array of wildlife. Showcasing the country's five largest habitats, from the Tibetan grasslands and the Yangtze's wetlands to its megacities, ancient forests and oceans, we reveal never-before-seen behaviours and rare animals in extraordinary environments.

Swans: Mystery of the Missing

Format: 1 x 60 (HD, 4K)

This ground-breaking film sets out to solve one of nature's great mysteries: the Bewick swan's dramatic decline. Cutting-edge tracking technology and innovative filming techniques give privileged insight into their hidden world. Join us as we follow the swans over 7,000km by air, land and sea on a journey where both humans and swans will be pushed to the very limits of their endurance.

David Attenborough's Jumbo

Format: 1 x 58 (HD)

Broadcaster: BBC

Ahead of Tim Burton's 2019 remake of the classic Disney film Dumbo, Sir David Attenborough investigates the story of Jumbo, the world-famous elephant that inspired the iconic movie. See how this animal superstar really lived and the circumstances of his mysterious death, and discover how much our understanding of these creatures has developed.

Ocean Predators

Format: 4 x 44 (HD, 4K)
Broadcaster: Prime TV

Go behind the lens with award-winning underwater cinematographer, Kina Scollay, in search of intimate encounters with the ocean's greatest predators. Join

Scollay as he swims in some of the most remote and pristine ocean locations on earth, coming face to face with ferocious sharks, sociable pods of orca, playful sea lions and dolphins. Discover the secret behaviours of these extraordinary animals at the top of the food chain in stunning 4K.

Rivals of the Reef

Format: 1 x 52 (HD, 4K)

Just a few kilometres from the imposing desert mountains of the Gulf of Aqaba, in a little corner of the Red Sea, lies one of the most stunning and biodiverse coral reefs on the planet. But amidst this rich and multicoloured terrain, fierce predators like the lionfish and geometric moray battle it out for dominance. Who will come out on top in this ruthless underwater kingdom?

Coral Reef Survivors

Format: 1 x 52 (HD, 4K)

Coral reefs are facing extinction from rising global temperatures and increased water acidification. Once blooming with colour and home to countless life forms, many of the world's diverse underwater ecosystems have been transformed into ghostly white landscapes on the ocean's floor. Yet life struggles on in these bleached coral reefs with marine animals adapting, and ultimately surviving.

Ocean Predators

Vanishing Foods

Format: 8 x 23 (HD)

Broadcaster: Channel NewsAsia

Food blogger Aun Koh travels across Asia to discover the tastes and traditions of disappearing recipes. From Kyoto's 'obanzai' cooking and the Maharaja of Jodhpur's favourite dish to Chinese and Eurasian foods, Aun meets local foodies and top chefs, traces each ingredient's origins, and puts his own modern twist on these delicacies.

Chef Exchange

Format: 12 x 30 (HD)

What happens when two diverse cultures and languages come together through a shared passion for sourcing the best quality produce and cooking delicious food? In this series join renowned chefs Jock Zonfrillo and Jianmin Qu on a culinary adventure from Adelaide to Shanghai as they share experiences, local traditions and recipes to celebrate friendships across borders and fusion cuisine.

Ultimate Braai Master, Series 6

Format: 13 x 48 (HD)

Broadcaster: e.tv

The multi award-winning outdoor cooking series is back for its most challenging season yet. Thirteen teams feel the heat as they compete against the clock to impress the judges with their smoky, delicious dishes – all cooked outdoors, on the fire. One team will walk away with the cash, the car and the glory of being crowned Ultimate Braai Master.

Simply Delicious

Format: 41 x 1-7 minute shorts (HD)

Our latest bite size series of recipes will satisfy even the biggest of appetites! Watch and learn how to whip up meals like pizza, lamb, grilled tuna, and basic sauces like marinades and salad dressings, or expand your cooking repertoire with episodes on sizzling lemongrass sauce, grilled nectarines and cream, and much more.
